

# Whistleblower Policy

## 1 Introduction

Acrow is committed to creating and maintaining an open working environment in which employees, directors, contractors, suppliers, and consultants are able to raise concerns regarding actual or suspected unethical, unlawful or undesirable conduct.

The Board of Directors and Leadership Team recognise that any genuine commitment to detecting and preventing illegal and other undesirable conduct must include a mechanism whereby employees and others can report their concerns freely and without fear of reprisal or intimidation. The Whistleblower Policy and Procedure provides such a mechanism and encourages the reporting of such conduct. Unethical, unlawful or undesirable conduct is referred to in this Policy as Misconduct.

The purpose of this Policy is to:

- Promote an open and transparent culture within Acrow Group
- Encourage employees, directors, contractors, suppliers, and consultants to report an issue if they genuinely believe a person or persons has breached Acrow Code of Conduct, policies or the law.
- Demonstrate Acrow's commitment to a fair workplace and outline the process for managing matters of Misconduct.
- Protect individuals who in good faith, report Misconduct which they reasonably believe to be corrupt, illegal, or unethical on a confidential basis, without fear of reprisal, dismissal or discriminatory treatment.
- Assist in ensuring that matters of Misconduct and/or unethical behaviour are identified and dealt with appropriately.

## 2 Scope

This Policy applies to all Acrow Group of companies' operations, employees, directors, contractors, suppliers, and consultants. For the elimination of any doubt, this includes Acrow, Uni-Span and Natform companies as well as any future business acquired by the group.

## 3 Variations to this Policy

Any variation to this Policy must be authorised by the Acrow Board following submission of proposed changes with supporting recommendations from the Chief Executive Officer (CEO).

**Whistleblower Investigation Officer (WIO):** A designated Acrow representative tasked with the responsibility of conducting preliminary investigations into reports received from a whistleblower. The role of the WIO is to investigate the substance of the complaint to determine whether there is evidence in support of the matters raised or, alternatively, to refute the report made.

The WIO will be appointed by the WPO on a case by case basis, depending on the nature of the report. The WIO will be an independent party who is not associated with the area under investigation.

The WIO may be a manager once removed from the Whistleblower as long as they are not implicated in the report. Other resources within the group or externally in need can be engaged.

## 5 What and How to Report

All Acrow employees, directors, contractors, and consultants are encouraged to report Misconduct that they believe constitute a breach of Acrow Code of Conduct, policies or the law. Examples of matters which should be reported under this Policy, whether actual or suspected are outlined under the heading Misconduct.

## 6 Reporting Mechanisms

### Internal Reporting

Whistleblowers may wish to discuss the matter informally with their direct Line Manager first in order to determine whether an incident of Misconduct has occurred. Alternatively, if the direct Line Manager is involved in the complaint the whistleblower should report directly to their line manager's manager or alternatively their responsible General Manager. At all times, discussions will remain confidential.

The person who the Whistleblower has made the report to must within 24 hours inform the WPO or alternate if not available.

Where the Whistleblower does not feel comfortable in doing so, or where the whistleblower has previously done so and believes no action has been taken, the whistleblower may contact the WPO (GM of HR) directly to discuss the incident.

### Reporting Non-Compliance outside the Company

It is Acrow's aim to ensure that employees, directors, contractors and consultants do not feel the need to discuss Acrow company concerns outside of Acrow, however, nothing in this Policy should be interpreted as restricting an employee, director, contractor or consultant from raising issues or providing information to an external party, in accordance with any relevant law or regulation.

### 7 Investigation of Misconduct Reports

All reports of Misconduct will be treated seriously and the subject of a thorough investigation with the objective of locating evidence that either substantiates or refutes the claims/allegations made by the whistleblower. Investigations are to be undertaken by the WIO.

The WIO responds to all concerns raised and reports to the WPO.

Following a report of Misconduct, the following procedure is to be followed:

- The details of the misconduct is to be forwarded in writing to the WIO by the WPO
- The WIO is to review the misconduct details and determine the appropriate manner of investigation, and then inform the whistleblower and the WPO (who is required to inform the whistleblower) of how the investigation will proceed.
- The WIO is to determine what resources are needed and secure access to those resources, including where necessary the assistance of other employees or external professional help (including lawyers, accountants, forensic analysts or operational experts). This will be done in conjunction with the WPO.
- The WIO plans and conducts the investigation.
- The WIO to consider process/control improvements (risk assessments, audits, etc.).
- The WIO prepares an Investigation Report and forwards the Investigation Report to the WPO and CEO or, if relevant Director and the Chairman or Audit and Risk Committee.
- The WPO advises and debriefs the whistleblower.

### 8 Reporting of Investigation Findings

At the end of the investigation, the WPO will report their findings to the CEO they will determine the appropriate response. This response will include addressing any unacceptable conduct and taking remedial action required to prevent any future occurrences of the same Misconduct.

In the event of the CEO or a member of the Board being the subject of an investigation or allegation, the Chairman of the Audit and Risk Committee will determine the report and corrective measures. All reported incidents and investigation outcomes will be reported to the Audit and Risk Committee.

## Whistleblower Policy

Where issues of discipline arise, the response will be in line with the Acrow policy. Where allegations of unacceptable conduct made against another person cannot be substantiated, that person will be advised accordingly and will be entitled to continue in their role as if the allegations had not been made.

## 9 Dealings with Whistleblowers

### Anonymity

If requested, the identity of the whistleblower will be kept strictly confidential by the WPO and WIO unless:

- The person making the report consents to the disclosure.
- The disclosure is required by law.
- The disclosure is necessary to prevent or lessen a serious threat to a person's health or safety.
- It is necessary to protect or enforce Acrow's legal rights or interests.
- It is necessary to defend any claims.

### Protection

A whistleblower that report matters in good faith and provided he or she has not been involved in the Misconduct reported, will not be penalised or personally disadvantaged because they have reported a matter. Acrow will not tolerate any instances of legitimate whistleblowers being:

- dismissed
- demoted
- subjected to any form of harassment and persecution or
- discriminated against.

A whistleblower who believes he or she, or his or her family, has been the victim of any of the above by reason of their status as a whistleblower, should immediately report the matter to the WPO.

Any Acrow employee, director, contractor, supplier or consultant who is found to have dismissed, demoted, harassed, or discriminated against a whistleblower by reason of their status as a whistleblower, will be subjected to disciplinary measures. A whistleblower who has been involved in the reported Misconduct may be provided with immunity or due consideration from Acrow initiated

disciplinary proceedings, by agreement with Acrow. Acrow however, has no power to provide immunity from criminal prosecution.

### Feedback and Communication

Where possible, and assuming the identity of the whistleblower is known, the whistleblower will be kept informed of the outcome of the investigation of his or her report, subject to privacy and confidentiality considerations. All whistleblowers must maintain confidentiality of all such reports and not disclose details to any person.

On a broader basis the existence and operation of the Whistleblower policy should be promoted openly within the company with formal communication occurring at least once a year. It should also be incorporated into induction activities for new employees upon joining.

Any systemic issues or trends identified should be corrected and communicated within the company to increase awareness.

### False Reports

Where it is established by the WIO that the whistleblower is not acting in good faith, or he or she has made a false report of Misconduct (including where the allegation has been made maliciously, vexatiously or without any basis), then he or she will be subjected to disciplinary proceedings, including summary dismissal.

Whilst not intending to discourage whistleblowers from reporting matters of genuine concern, whistleblowers must ensure as far as possible, that reports are factually accurate, complete, from firsthand knowledge, presented in an unbiased fashion (and any possible perception of bias of the whistleblower is disclosed), and without material omission.

### Document Retention and Confidentiality

All information, documents, records and reports relating to the investigation of a reported misconduct will be confidentially stored and retained in an appropriate and secure manner.

## 10 Policy Review & Access

The Whistleblower Policy will be reviewed at least every two years and where required by circumstances, such as legislative changes or based on investigation findings/feedback by the Board Audit, Risk and Compliance Committee. A report will be made to the Board of the outcome of each review and all recommended changes to the Policy.

The policy will be freely available on the company intranet and yard information boards. The policy will also form part of any new employees' induction.
